

MOTOROLA P25 DIGITAL **PORTABLE** RADIOS**APX™ 7000XE P25****THE MOST ADVANCED, ULTRA-RUGGED RADIO**

P25 Operation | Multiband Operation | Extreme Ergonomics | Rugged Specifications

Motorola has taken safety to the extreme with the APX™ 7000XE – its most advanced, rugged radio with innovative features designed by first responders for first responders in extreme environments.

Motorola created an ergonomically superior radio that is easy to operate, with glove-friendly controls and a large top display. Significantly louder and clearer audio so that every word is heard. A mission-critical multiband, multi-protocol radio so seamless, you can be confident communications are interoperable. Focus on the task, not the technology, with a high-performance radio that stands out in the toughest conditions.

**APX™ 7000 P25 Multi-Band Radio****THE RADIO CREATED TO KEEP YOU SAFER**

THE FIRST CHOICE OF FIRST RESPONDERS

The APX 7000 multi-band radio places instant interoperability into the hands of mission-critical first responders. Motorola's 4th generation P25 Subscriber is capable of multi-band interoperability in one radio and can operate in any 2 of the following frequency bands: 700/800 MHz ,VHF, UHF Range 1, and UHF Range 2 offers backward and forward compatibility (FDMA and TDMA), and integrated GPS for outdoor location tracking. Designed with mission-critical technology, the radio amplifies public safety officials' ability to keep the community safer than ever before.

**APX™ 6000XE P25****THE LIGHTWEIGHT HEAVYWEIGHT**

P25 Operation | Extreme Ergonomics | Advanced Features | Rugged Specifications

In the heat of a wildfire or the smoke of a structure fire, you can't afford to struggle with controls or strain to hear commands. You need a radio so reliable and responder-focused, it's second nature to use. Working with first responders around the world, Motorola developed APX™ radios to be safer and tougher than others – and to deliver innovative technology in an ultra-rugged, glove-friendly form.

Motorola's APX 6000XE is the "lightweight heavyweight" – a small, single-band radio with extreme ergonomics and excellent audio that takes on the tough tasks of fire service and EMS. It's the two-way radio that can strengthen safety precisely because it is engineered for extreme conditions.

**APX™ 6000 P25****A SMART INVESTMENT DELIVERING LEADING-EDGE TECHNOLOGY**

P25 Operation | Advanced Features | Excellent Audio | 3 Rugged Models

Delivering outstanding performance in a compact form factor without sacrificing the features you need most. The APX™ 6000 is the next generation of ruggedly-reliable performers that give you the advanced features such as Mission-Critical Wireless and GPS location tracking in a small, P25 Phase 2-capable radio. Whether you're on patrol or racing to a fire, the APX 6000 puts you in greater control of your safety, response time and technology investment.

Focus on the task, not the technology, with the real world-ready radio that turns mission-critical into mission complete.
