

PUBLIC SAFETY **PORTABLE** RADIO ACCESSORIES**BATTERIES AND CHARGERS****IMPRES BATTERIES**

Get the most out of your battery by maximizing its life. IMPRES automates battery reconditioning, adapting the reconditioning intervals to each battery's usage pattern.

We know that when heading into the burning building or staking out a hostage situation, first responders need to be assured their batteries will last. Motorola's innovative IMPRES battery charging and reconditioning system streamlines and automates battery maintenance. It draws on exclusive technology to enable communication between your battery and charger to help lengthen battery life and extend talk time. IMPRES batteries can be left in IMPRES chargers for extended periods without heat damage from the charger, assuring your battery is safely charged to the right capacity and always ready when you head out for a call.

MOTOROLA BATTERIES PERFORM BETTER TO HELP YOUR WORKERS STAY SAFER

Whether your people are pursuing a suspect or patrolling a power plant, you can't shortchange their safety. Their radio is their lifeline and if the battery fails, so do they.

EXTENDED WARRANTY

When used exclusively with IMPRES chargers, IMPRES batteries carry extended capacity warranties that continue six months longer than Motorola Premium battery warranties.

Motorola IMPRES batteries help keep your workforce safer and your costs in check. Only Motorola IMPRES batteries are backed by 4-year warranty, twice as long as most leading competitive batteries.* When you invest in safety and productivity with Motorola and with IMPRES, it does pay off.

* Motorola's IMPRES battery warranty protects against any defects in workmanship for four years.

**AUDIO ACCESSORIES****ONLY MOTOROLA OFFERS A WEALTH OF EXCLUSIVE AUDIO FEATURES THAT ENSURE YOUR MESSAGE IS HEARD EVEN IN THE MOST DEMANDING WORK CONDITIONS**

In addition to the standard audio accessory features, Motorola Solutions has developed exclusive audio capabilities for them as well. They offer a range of models to ensure optimal performance even in extreme noise or windy environments.

WINDPORTING AUDIO

Communicate clearly in difficult weather. Wherever you work – in howling wind, driving rain or severe weather – Windporting helps you communicate effectively and listeners hear clearly.

Windporting technology eliminates the whining and howling sounds of wind blowing across your lapel/remote speaker microphone. It also prevents water from clogging the microphone for clearer transmissions.

NOISE-CANCELING AUDIO

Reduce the effect of background crowd and machinery noise so your messages are always heard clearly.
