

PUBLIC SAFETY **PORTABLE** RADIO ACCESSORIES**IMPRES™ AUDIO (MOTOROLA EXCLUSIVE)**

Make sure every word is heard regardless of the level or direction you're speaking into the accessory.

Be clearly heard the first time and eliminate repeating yourself. Whether you need to talk loudly or quietly, into or away from the accessory, IMPRES Audio lowers the loud talker level and raises the soft talker level automatically so listeners do not have to adjust the volume depending on who is talking.

Policing a busy airport, fixing equipment on a noisy production floor or assisting guests in a quiet hotel, IMPRES Audio promises a high quality communication experience.

How does IMPRES™ improve audio performance?

IMPRES enhances the clarity and audio quality of Motorola accessories by reducing ambient noise and improving voice intelligibility.

If you speak quietly or normally, but not directly into a microphone, IMPRES Audio detects changes in your voice and automatically adjusts the transmitted volume so your listener won't have to adjust volume up and down.

INTELLIGENT AUDIO (MOTOROLA EXCLUSIVE)

Focus on your job instead of your radio volume. Make adjusting your radio volume based on background noise a thing of the past. Intelligent Audio listens to sounds in the background and automatically raises or lowers your radio volume so you can always hear. If you're heading from a noisy area to a quiet place, you won't disturb others because you forgot to adjust the volume.

Intelligent Audio when complemented with IMPRES Audio takes your communications to a new level.

APX REMOTE SPEAKER MICROPHONES AND PUBLIC SAFETY MICROPHONES**UNMISTAKABLE AUDIO PERFORMANCE WHEN IT MATTERS MOST**

The APX™ Series is the mission-critical advantage for responders in mission-critical environments.

Motorola designed the APX P25 radios and remote speaker microphones (RSMs) for the absolute rigors of these situations.

CRISP AND CLEAR. EVERY WORD, EVERY MISSION.

All APX™ Remote Speaker Microphones (RSMs) deliver audio that is clearer, easier to understand and up to 50% louder than XTS-Series RSMs. That's because they contain the same speaker technology found in Motorola's APX 7000 and APX 7000XE portable radios for the best-in-class accessory audio available.

Even with the din of traffic or the commotion of pumper trucks, you can carry on a conversation clearly with an APX RSM clipped to your turnout gear. Motorola's leading-edge, smart IMPRES technology communicates directly with the APX radio to suppress background noise, improve speech clarity and amplify loudness, no matter the weather or workplace.

**MISSION-CRITICAL WIRELESS BLUETOOTH® ACCESSORIES****MAKE EVERY WORD SECURE AND EVERY SHIFT SAFER WITH BLUETOOTH ACCESSORIES**

Your officers and detectives need wireless accessories that are remarkably fast, secure, robust and easy to use. Yet off-the-shelf Bluetooth products lack the performance, security and comfort they require. That's why Motorola developed enhanced Bluetooth accessory solutions for APX portable radios. Motorola's portfolio is the choice of first responders in the moments that matter most.

ONLY MOTOROLA'S MISSION-CRITICAL WIRELESS IS DESIGNED TO MEET THE CRITICAL CRITERIA THAT FIRST RESPONDERS DEMAND FOR SECURE AND RELIABLE WIRELESS COMMUNICATIONS

- EASY, SECURE PAIRING
- LOUD, CLEAR AUDIO
- RELIABLE, ENCRYPTED VOICE COMMUNICATION
- ALL-DAY COMFORT
